fred is a young field mouse and he's the only one in his family to survive the winter it was the coldest winter the north yorkshire dales had ever known as he sits nibbling away at a slightly browned apple core at the base of the dry stone wall he calls his home fred catches the sight of movement from the corner of his eye he freezes at first and then slowly

turns to find a very large creature with a menacing snout and very long menacing claws fred is relieved to learn that the creature is bertram kettlewell smiley of upper wharfedale bertie for short and that he s not just a badger but a badger of great repute fred is glad he s met bertie and it s a good thing he has for it isn t long before trouble threatens as they search for new homes it s a move that becomes the first in a series of adventures that help them learn more about each other and who knows they may find other new friends and even something more in their adventures

one of the most important developments in modern moral philosophy is the resurgence of interest in the virtues in this new book daniel russell explores two important hopes for such an approach to moral thought that starting from the virtues should cast light on what makes an action right and that notions like character virtue and vice should yield a plausible picture of human psychology russell argues that the key to each of these hopes is an understanding of the cognitive and deliberative skills involved in the virtues if right action is defined in terms of acting generously or kindly then these virtues must involve skills for determining what the kind or generous thing to do would be on a given occasion likewise russell argues that understanding virtuous action as the intelligent pursuit of virtuous goals yields a promising picture of the psychology of virtue this book develops an aristotelian account of the virtue of practical intelligence or phronesis an excellence of deliberating and making choices which russell argues is a necessary part of every virtue this emphasis on the roots of the virtues in the practical intellect contrasts with ambivalence about the practical intellect in much recent work on the virtues a trend russell argues is ultimately perilous for virtue theory this book also takes a penetrating look at issues like the unity of the virtues responsibility for character and that elusive figure the virtuous person written in a clear and careful manner practical intelligence and the virtues will appeal to philosophers and students alike in moral philosophy and moral psychology

first published in 2001 routledge is an imprint of taylor francis an informa company

at the end of world war ii twenty year old vera is brutally raped by an unknown assailant from that rape is born a boy named fred a misfit who later becomes a talented boxer vera s young son barnum forms a special but bizarre relationship with his half brother fraught with rivalry and dependence as well as love i should have been your father

fred tells barnum instead of the fool who says he is it is barnum who is now a screenwriter with a fondness for lies and alcohol who narrates his family's saga as he shares his family's history he chronicles generations of independent women and absent and flawed men whom he calls the night men among them is his father arnold who bequeaths to barnum his circus name his excessively small stature and a con man's belief in the power of illusion filled with a galaxy of finely etched characters this prize winning novel is a tour de force and a literary masterpiece richly deserving of the accolades it has received

on the road and in film art and literature the convertible is more than just a car it's a state of mind a way of life vose traces the evolution of the convertible as car and cultural icon 125 photos
