essay from the year 2014 in the subject politics general and theories of international politics grade c university of bergen institute of comparative politics course 115 democracy and democratization language english abstract in this paper i will compare and contrast the theoretical foundations of theories of democratization which emphasize structural determinants and theories which focus on agency and assess their potential for explaining democratization during the third wave to do this i will first present some background theory before i go into a discussion and reach a conclusion the paper is based up on literature from course syllabus for sampol115 democracy and democratization

seminar paper from the year 2020 in the subject politics topic european union grade 2 0 catholic university eichstätt ingolstadt language english abstract this paper aims to examine the role of neutrality in swiss foreign policy as some cases of foreign policy behaviour raises questions left to be answered focus is given on eu foreign policy decisions concerning economic sanctions the role of neutrality in this particular context would suggest not to follow eu sanctions since the country neither is a member of the euro pean union nor of the european economic area eea switzerland furthermore is not bound by international law to join economic sanctions of the eu yet the country s interest involves a broader spectrum of factors to be considered within its role of neutrality the main puzzle this paper further tries to solve is concerned with economic sanctions of the eu which have been implemented by the swiss federal government those sanctions mostly originate from external factors that pose threats to international regional or domestic security violations of international law or aggressive foreign policy behavior also represent causes to enforce sanctions as a form of protest economic sanctions thus either target a national economy as a whole and or certain individuals

enterprises and or institutions in order to weaken economic or political positions establishing trade embargos cutting financial aid or seizing foreign assets are named as examples this approach is often used as a non violent means in modern foreign policy the eu as a political union established norms to meet common foreign policy decisions in which economic sanctions are regularly enforced the above mentioned eu sanctions adopted by switzerland leave the following questions concerning the swiss role of neutrality 1 what is the definition of neutrality 2 does the role of neutrality implicate restrictions in joining other countries foreign policy stances 3 on what grounds did switzerland enforce economic sanctions originally established by the eu the swiss foreign policy stance on neutrality has long played a crucial in the nation s history since the congress of vienna in 1815 swiss neutrality has officially been recognized by in ternational law this particular foreign policy stance may have contributed to the economic and democratic development of the nation as switzerland stayed neutral in both world wars the exact role of neutrality however has experienced frequent adjustments as the term might not indicate a clear strategy in foreign policy behavior

this report demonstrates that a more sustainable energy future is within our reach and that industrial energy efficiency is key it shows how industrial energy efficiency can make a difference by providing a detailed comprehensive global assessment of potentials technologies economic benefits as well as cost and barriers to be removed it provides an overview of the policy instruments most useful for developing economies this innovative work also reminds us that we must act now if we are to unlock the potential of current and emerging energy efficiency technologies the opportunities are significant by reducing energy inputs per unit of output we will benefit from improvements in standards of living while protecting the environment

seminar paper from the year 2014 in the subject leadership and human resources miscellaneous grade 2 0

university of innsbruck language english abstract in this paper i will discuss the characteristics of the four theoretical paradigms of workplace bullying after samnani 2013 and make an analysis of their strengths and weaknesses according to bratton and gold workplace bullying is defined as a personalized attack from one employee to another employee that takes place on a constant basis for a certain time using emotionally threatening behaviors as a result the employee's self esteem self confidence and work competence could be injured moreover the imbalance of power between perpetrator and victim needs to be considered workplace bullying needs to be taken as a serious issue since its effects are not only limited to the performance of the people involved but also to the whole organization the four theoretical paradigms as mentioned by samnani are functionalism interpretivism critical management theory and postmodernism they differ in causes of workplace bullying philosophical beliefs and implications there are three major areas in workplace bullying literature one is the mostly qualitative measured prevalence rate of workplace bullying in a country organization or industry secondly there are identifying antecedents of workplace bullying and last of all the physical psychological and work related consequences for the bullying victim of workplace bullying for brevity's sake the focus of this reflection paper will be on the antecedents of bullying
