in a lively and often entertaining book an international authority on bilingualism son of an english mother and a french father explores the many facets of bilingualism in this book francois grosjean draws on research interviews autobiographies and the engaging examples of bilingual authors he describes the various strategies some useful some not used by parents raising bilingual children explains how children easily pick up and forget languages and considers how bilingualism affects the experience of emotions thoughts and dreams book jacket

many people consider bilinguals to be exceptional yet almost half the world s

population speaks more than one language bilingualism is found in every country of the world in every class of society in all age groups life with two languages is the first book to provide a complete and authoritative look at the nature of the bilingual experience françois grosjean himself a bilingual covers the topic from each of its many angles in order to provide a balanced introduction to this fascinating phenomenon grosjean discusses the political and social situations that arise when languages come into contact and the policies nations have established toward their linguistic minorities in the domains of education and governance of particular interest is his detailed account of the psychological and social factors that lead a bilingual to choose one of her languages when speaking to another bilingual or to use both languages in the fascinating phenomenon of code switching the author explains how children become bilingual as quickly as they become monolingual describes the organization of languages in the bilingual brain and examines the legacy of bilingualism on language as exemplified in word borrowings above all life with two languages puts the emphasis on the bilingual person in a series of first hand reports scattered throughout the book bilinguals tell what it is like to live with two languages and describe the educational and social experiences they have undergone written in a clear and informative style life with two languages will appeal to professionals and students in linguistics education sociology and psychology as well as to the more casually curious

eleven critical issues in the study of bilingualism insightful analyses by renowned expert françois grosjean the majority of people living around the world today are able to speak more than one language yet many aspects of the nature and experience of bilingualism raise unresolved questions for researchers who exactly is bilingual what is the extent of bilingualism how do infant bilinguals who acquire two languages at the same time manage to separate them does language processing work differently when bilinguals are interacting with monolinguals and with bilinguals when a speaker changes their language do they also change aspects of their personality in the mysteries of bilingualism eminent scholar françois grosjean provides a comprehensive examination of individual bilingualism that delves into unanswered questions and challenges many of the myths and misconceptions surrounding bilingualism through insightful analyses of eleven key questions this book offers a unique combination of personal reflection literature review personal testimony and case studies to explore these mysteries altogether this text offers comprehensive explorations of the linguistic aspects of bilingualism including who is bilingual describing bilinguals accented speech and language loss practical discussions of speech and language processing including language choice and

mixed speech perception and production in depth examinations of personality and culture in relation to bilingualism and biculturalism perfect for undergraduate and graduate students of bilingualism multilingualism second language acquisition and applied linguistics the mysteries of bilingualism offers an up to date view of the leading research questions in the study of bilingualism today

this book explores the life and experiences of one of the world's most renowned and well respected experts in bilingualism françois grosjean takes us through his life from his monolingual childhood in a small village outside paris to the long periods of time he spent in switzerland england france and the united states becoming bilingual and bicultural in the process during his life his dominant language has changed many times between english and french and he has also acquired and subsequently lost other languages including american sign language throughout the book he combines his personal accounts and anecdotes with insights from and reflections on his extensive scholarly research in bilingualism and biculturalism which has in turn been heavily influenced by his own experiences written in an engaging and accessible style the book will appeal to general readers interested in bilingualism and language contact educators and parents of bilingual children researchers working on bilingualism and to bilinguals themselves

even though more than half the world's population is bilingual the study of bilinguals has lagged behind that of monolinguals with this book which draws on twenty five years of the author's research françois grosjean contributes significantly to redressing the balance the volume covers four areas of research the definition and characterization of the bilingual person the perception and production of spoken language by bilinguals the sign oral bilingualism of the deaf and methodological and conceptual issues in research on bilingualism while the author takes a largely psycholinguistic approach his acute linguistic and sociolinguistic awareness is evident throughout and especially so in his reflections on what it means to be bilingual and bicultural the book also defends increased co operation among researchers in connecting fields such as the language sciences and the neurosciences

a book on those who know and use two or more languages who are they how do they do it

discover françois grosjean's numerous contributions to the field of bilingualism over a span of some 40 years

the psycholinguistics of bilingualism presents a comprehensive introduction to the foundations of bilingualism covering language processing language acquisition cognition and the bilingual brain this thorough introduction to the psycholinguistics of bilingualism is accessible to non specialists with little previous exposure to the field introduces students to the methodological approaches currently employed in the field including observation experimentation verbal and computational modelling and brain imaging examines spoken and written language processing simultaneous and successive language acquisition bilingual memory and cognitive effects and neurolinguistic and neuro computational models of the bilingual brain written in an accessible style by two of the field's leading researchers together with contributions from internationally renowned scholars featuring chapter by chapter research questions this is an essential resource for those seeking insights into the bilingual mind and our current knowledge of the cognitive basis of bilingualism

this encyclopedia is divided into three sections individual bilingualism bilingualism in society and bilingual education it includes many pictures graphs maps and diagrams the book concludes with a comprehensive bibliography on bilingualism

discover françois grosjean's numerous contributions to the field of bilingualism over a span of some 40 years

multilinguals are not multiple monolinguals yet multilingual assessment proceeds through monolingual norms as if fair conclusions were possible in the absence of fair comparison in addition multilingualism concerns what people do with language not what languages do to people yet research focus remains on multilinguals languages as if languages existed despite their users this book redresses these paradoxes multilingual scholars teachers and speech language clinicians from europe asia australia and the us contribute the first studies dedicated to multilingual norms those found in real life multilingual development assessment and use readership includes educators clinicians decision makers and researchers interested in multilingualism

language contact is everywhere many nations have more than one official language and quite possibly most people in the world speak two or more languages what happens to different peoples and to their languages when they come into contact in this survey of the social political and linguistic consequences of language contact sarah g thomason focuses on what happens to the languages themselves sometimes nothing sometimes new words enter a language sometimes new sounds

and sentence structures will spread across many languages in a large geographical region more rarely entirely new languages arise in a contact situation conversely one of the languages in contact may vanish entirely and issues of language endangerment and death are explored here together with chapters on multilingualism pidgins and creoles mechanisms of interference and the origins and results of contact induced language change accessibly written by a leading expert in the field this book is an ideal introduction for beginning students at all levels and a useful resource for postgraduates teachers and academic linguists key features accessibly written by a leading figure in the field sources and further reading provided for each chapter world map showing the location of the languages discussed

one woman's quest to learn mandarin in beijing arabic in beirut and spanish in mexico with her young family along for the ride imagine negotiating for a replacement carburetor in rural mexico with words you're secretly pulling from a pocket dictionary imagine your two year old asking for more niunai at dinner a mandarin word for milk that even you don't know yet imagine finding out that you're unexpectedly pregnant while living in war torn beirut with vivid and evocative language christine gilbert takes us along with her into foreign lands showing us what it's like to make a life in an unfamiliar world and in an unfamiliar tongue gilbert was a young mother when she boldly uprooted her family to move around the world studying mandarin in china arabic in lebanon and spanish in mexico with her toddler son and all american husband along for the ride their story takes us from beijing to beirut from cyprus to chiang mai and also explores recent breakthroughs in bilingual brain mapping and the controversial debates happening in linguistics right now gilbert's adventures abroad prove just how much language influences culture and vice versa and lead her to results she never expected mother tongue is a fascinating and uplifting story about taking big risks for bigger rewards and trying to find meaning and happiness through tireless pursuit no matter what hurdles may arise it's a treat for language enthusiasts and armchair travelers alike

a vital resource on speech and language processing in bilingual adults and children the listening bilingual brings together in one volume the various components of spoken language processing in bilingual adults infants and children the book includes a review of speech perception and word recognition syntactic semantic and pragmatic aspects of speech processing the perception and comprehension of bilingual mixed speech code switches borrowings and interferences and the assessment of bilingual speech perception and comprehension in adults and

children in the clinical context the two main authors as well as selected guest authors mark antoniou theres grüter robert j hartsuiker elizabeth d peña and lisa m bedore and lu feng shi introduce the various approaches used in the study of spoken language perception and comprehension in bilingual individuals the authors focus on experimentation that involves both well established tasks and newer tasks as well as techniques used in brain imaging this important resource is the first of its kind to concentrate specifically on spoken language processing in bilingual adults and children offers a unique text that covers both fundamental and applied research in bilinguals covers a range of topics including speech perception spoken word recognition higher level processing code switching and assessment presents information on the assessment of bilingual children s language development written for advanced undergraduate students in linguistics cognitive science psychology and speech language pathology as well as researchers the listening bilingual offers a state of the art review of the recent developments and approaches in speech and language processing in bilingual people of all ages
