the routledge handbook of anti corruption research and practice takes a multidisciplinary
 and multidimensional approach to provide a comprehensive exploration of the processes
 conditions and activities that hold the potential to control corruption building on existing
 knowledge gathered from a variety of social science sources it strives to provide
 analytical emancipation of and coherence to anti corruption studies anti corruption
 transcends the traditional boundaries of state actors involving individual and
 organizational business actors civil society groups members of the media accounting
 and legal professions as well as sports associations and other non traditional actors this
 handbook adopts a holistic approach to reflect the rich nature of the manifestations of
 anti corruption past and present and the possible shapes it may still take in the future
 this handbook is a key reference for scholars students and practitioners engaged in the
 study and practice of anti corruption corruption democracy public administration
 comparative politics as well as more broadly to the wider social sciences chapter 2 and
 chapter 46 of this book is freely available as a downloadable open access pdf at
