A must-read for anyone interested in the 4-day week. Heejung Chung, professor at the University of Kent and author of *The Flexibility Paradox*, this invaluable book offers a clear way forward: we don't need to burn ourselves out; we can work less and get more done. Rebecca Seal, author of *Solo: How to Work Alone and Not Lose Your Mind*, the 4-day week is no longer just an idea. Following successful trials in countries as far apart as New Zealand and the United Kingdom where nearly all companies involved opted to continue beyond the pilot, research now shows that a shorter workweek benefits both companies and employees, increasing productivity, wellbeing, and staff retention. Work less, do more offers a practical framework for making the 4-day week a reality in your business, whatever its sector and size. Top expert and Silicon Valley-based consultant Alex Pang helps you identify the best pattern for your company, assemble your team, define what success looks like, think through worst-case scenarios, and troubleshoot potential difficulties. Put your plan into action so whether you are a founder who wants to make the 4-day week a reality, an employee who needs to make the case for a shorter working pattern to your board, or a manager who wonders whether this could give your team an extra edge, this is the only book you need to make the 4-day week work for you.

Long-listed for the CMI Management Book of the Year 2021, one of the most hopeful books I have read about the state of modern work. Brigid Schulte, bestselling author of *Overwhelmed: Forget the Old Concept of the 9-to-5*, companies around the world are redesigning the work week to increase efficiency, health, and happiness in their workers. A growing number of businesses are shortening their working week to address problems with low productivity, poor mental health, and unequal working opportunities. Workers are still paid the same salary for a four-day week, and the results are revolutionary. In *Shorter*, bestselling author Alex Pang studies these trailblazing businesses where managers are reporting their teams to be more creative in their problem-solving, happier, and with lower stress and anxiety. And cases of burnout, more productive. Pang will reveal step by step how they have gone about making these changes, the challenges and solutions, and most importantly, how you can do the same.
