in a book that is as certain to be as controversial as it is meticulously researched a former special assistant to the president for national security affairs and senior official of the central intelligence agency shows that the u s could be headed toward a

nuclear face off with communist china within four years and it definitively reveals how china is steadily pursuing a stealthy systematic strategy to attain geopolitical and economic dominance first in asia and eurasia then possibly globally within the next twenty using recently declassified documents statements by russian and chinese leaders largely overlooked in the western media and groundbreaking analysis and investigative work menges explains china s plan thoroughly exposing china s methods of economic control china s secret alliance with russia and other anti america nations including north korea china s growing military and nuclear power over 90 icbms many of them aimed at u s cities how china and russia have been responsible for weaponizing terrorists bent on harming the u s damage caused by china s trade tactics since 1990 we ve lost 8 million jobs thanks to china trade surpluses

monograph on the historical development of china and taiwan china from 1600 to 1970 covers the government public administration the social structure the economic structure international relations military government revolutionary social movements and warfare the rise of the nationalist and communist political partys social change cultural change etc bibliographys references and statistical tables

the labour party housing and urban transformation explores how the urban transformation of britain between 1945 and 1970 was understood politically by the labour party placing the labour party at the centre of the discussion the book covers the most extensive period of state led urban change in british history from the end of the second world war to the decline of high modernism in the late 1960s taking a particular focus on housing to explore the implementation of modernist ideas to drive a far ranging process of urban transformation in britain it challenges conventional understandings of labour s urban legacy and puts political ideas at the heart of twentieth century change utilising a breadth and range of material including two distinct sets of archival sources published secondary material national legislation and housing acts and various case studies child moves seamlessly between the national picture and its local impacts it also draws from sources which had a crucial influence on political thinking throughout the mid twentieth century to understand how urban transformation represented for labour a political vision of the future a timely contribution both to urban history and to the history of post war britain it challenges existing interpretations of modernism connects urban change to the political ideas

that drove it and allows us to comprehend the state of urban Britain today

This clear and authoritative book surveys the history of Japan from the mid 19th century up to the present day. It charts the spectacular rise of Japan, a society which leapt in little more than a generation from the feudal to early industrial forms of organisation, an exceptionally disturbing experience for the Japanese as they left behind the traditional and Asian and moved towards the modern and Western. It examines the turbulent 1930s and an empire won and lost between 1937 and 1945 and investigates the major changes after 1945, including the astonishing economic growth that has been achieved since the 1950s. This revised edition covers the economic recession and the dramatic political upheavals of the 1990s, taking the history of Japan up to the end of the 20th century.

Homeland Security: A Complete Guide to Understanding, Preventing, and Surviving Terrorism is the authoritative textbook on one of the most important topics facing our nation. From complex policy issues to common terrorist tactics, Homeland Security provides a practical foundation for professionals, students, and concerned citizens alike. Designed for readers who need to understand both the big picture and their own roles in the war against terror, the book provides a clear, comprehensive, and fascinating overview of an increasingly complex and misunderstood topic. This indispensable reference, filled with fascinating real-life examples and tips, covers the basics of homeland security, such as national strategies and principles, federal, state, and local roles, terrorist history and tactics, cyber terrorism, business preparedness, critical infrastructure protection, weapons of mass destruction, and key policy issues. Perfect for academic and training classrooms, each chapter includes an overview, learning objectives, source document, discussion topic, summary, and quiz. Media reviews: Homeland Security is much more than a textbook; it is an indispensable reference resource for those seeking to understand how terrorists operate and the structures and mechanisms that have been developed to respond to the magnitude of the terrorist threats confronting us. Washington Times: Securing America by Joshua Sinai, August 2, 2005, published.

This text focuses on the contemporary economic, social, geographical, environmental, and political realities of the Caribbean region. Historical aspects of the Caribbean, such as slavery, the plantation system, and plantocracy, are explored in order to explain the

contemporary nature of and challenges faced by the caribbean the book is divided into three parts dealing respectively with the foundations of the caribbean rural and urban bases of the contemporary caribbean and global restructuring and the caribbean industry tourism and politics
