a nurse s life in war and peace recounts the personal journey of a woman who dedicates herself to nursing across both civilian hospitals and war torn regions with a focus on south africa during the boer war the narrative opens in the confines of school where a longing for purpose gradually develops into a desire to become a nurse this urge grows stronger with her awareness of the royal red cross initiative aligning with her belief that her fragile health might be best directed toward the care of others her early reflections

are shaped by a quiet ambition and a fascination with science which fuel her commitment to medical service as she prepares to enter a general hospital for training her observations reveal a deep sense of responsibility and a clear eyed anticipation of the rigors ahead through candid recollections of travel and professional challenges the memoir portrays nursing not only as a profession but as a calling layered with personal resilience evolving duty and a continuous pursuit of relevance and compassion in a rapidly changing world

norman tells the dramatic story of fifty women members of the army navy and air force nurse corps who went to war working in military hospitals aboard ships and with air evacuation squadrons during the vietnam war here in a moving narrative the women talk about why they went to war the experiences they had while they were there and how war affected them physically emotionally and spiritually

this volume examines the work that nurses of many differing nations undertook during the crimean war the boer war the spanish civil war both world wars and the korean war in its exploration of multiple nursing roles during the wars it considers the responsiveness of nursing work as crisis scenarios gave rise to improvisation and the sometimes quite dramatic breaking of practice boundaries

historically community health nursing has responded to the changing health care needs of the community and continues to meet those needs in a variety of diverse roles and settings community health nursing caring for the public s health second edition reflects this response and is representative of what communities signify in the united states a unified society made up of many different populations and unique health perspectives this text provides an emphasis on population based nursing directed toward health promotion and primary prevention in the community it is both community based and community focused reflecting the current dynamics of the health care system the second edition contains new chapters on disaster nursing and community collaborations during emergencies the chapters covering family health ethics mental health and pediatric nursing have all been significantly revised and updated

in the past several years a revival of research devoted to nursing education has emerged this emergence has changed the way many educators engage in their practice of working with learners and learners have come to expect that they will have a rich learning experience designed to develop new or enhance prior knowledge skills and attitudes the sage handbook of nursing education provides a detailed map of the

current discipline with a carefully selected team of international contributors offering the latest thinking about education in nursing across key areas this handbook will be a key resource for academic educators as well as graduate and postgraduate learners

the close association between nurses and hospitals obscures the diversity and complexity of nursing work in other contexts this collection looks at nurses and nursing in a wide range of settings from the mid 1800s to the 1970s including indigenous women on the canadian prairies first world war nurses posted overseas outpost nurses in rural and remote areas of saskatchewan ontario and quebec public health nurses in winnipeg and religious congregations in nursing education in new brunswick the contributors use feminist and historical perspectives to illustrate how place understood as both social context and geographic setting shaped nursing identities and practices many nurses found place both liberating and constraining often simultaneously paying attention to place also situates these nurses and their work within larger historical themes of nation building war and political change

kate o hare palmer lamented thirty four years after her tour as an army nurse in vietnam although proud of having served she felt that the war she never understood had robbed her of her innocence and forced her to grow up too quickly as depicted in a photograph taken late in her tour long hours in the operating room exhausted her both physically and mentally her tired eyes and gaunt face reflected the weariness she felt after treating countless patients some dying some maimed all like her forever changed still she learned to work harder and faster than she thought she could to trust her nursing skills and to live independently she developed a way to balance the dangers and benefits of being a woman in the army and in the war only fourteen months long her tour in vietnam profoundly affected her life and her beliefs such vivid personal accounts abound in historian kara dixon vuic's compelling look at the experiences of army nurses in the vietnam war drawing on more than 100 interviews vuic allows the nurses to tell their own captivating stories from their reasons for joining the military to the physical and emotional demands of a horrific war and postwar debates about how to commemorate their service vuic also explores the gender issues that arose when a male dominated army actively recruited and employed the services of 5 000 nurses in the midst of a growing feminist movement and a changing nursing profession women drawn to the army's patriotic promise faced disturbing realities in the virtually all male hospitals of south vietnam men who joined the nurse corps ran headlong into the army's belief that women should nurse and men should fight officer nurse woman brings to light the nearly forgotten contributions of brave nurses who risked their lives to bring medical care to soldiers during a terrible and divisive war

the compassionate and compelling true story of a young nurse who left behind an idyllic rural life in post war britain to work in the world's most turbulent war zones anne watts grew up in a small village in north wales in the 1940s defying her merchant navy father's dated views she trained as a nurse and midwife joined the save the children fund and was posted to vietnam in 1967 once there anne was faced with a vision of hell that her training at manchester's royal infirmary had barely prepared her for thrown in at the deep end she witnessed the random cruelty of warfare nursing injured and orphaned

children and caring for wounded and dying servicemen she went on to take her skills to the victims of pol pot s khmer rouge in cambodia to lebanon during the israeli occupation and saudi arabia during desert storm over some forty five years anne has brought her courage and compassion to those most in need of help woven into this vivid compelling memoir is perhaps the most moving story of all how anne s idyllic childhood was shattered by a shocking family tragedy when she was 10 years old a tragedy that was to shape her destiny a magnificent life story i feel humbled by anne watts experiences jennifer worth author of call the midwife

negotiating nursing explores how the queen alexandra s imperial military nursing service q a s salvaged their soldier patients within the sensitive gender negotiations of what should and could constitute nursing work and where that work could occur the book argues that the q a s an entirely female force during the second world war were essential to recovering men from the battlefield and for the war despite concerns about women s presence on the frontline using personal testimony the book maps the developments in nurses work as they created a legitimate space for themselves in war zones and established their position as the expert at the bedside yet despite the acknowledgement of nurses vital role in the medical service their position was gendered as the women of britain were returned to the home post war it was the military nurses womanhood that stymied their considerable skills from being transferred to the new welfare state an electronic edition of this book is freely available under a creative commons cc by nc nd licence

this book brings together a collection of works by scholars who have produced some of the most innovative and influential work on the topic of first world war nursing in the last ten years the contributors employ an interdisciplinary collaborative approach that takes into account multiple facets of allied wartime nursing historical contexts history of the profession recruitment teaching different national socio political contexts popular cultural stereotypes in propaganda popular culture and longstanding gender norms woman as nurturer they draw on a wide range of hitherto neglected historical sources including diaries novels letters and material culture the result is a fully rounded new study of nurses unique and compelling perspectives on the unprecedented experiences of the first world war

this recently discovered memoir gives an intimate glimpse into the great war service of beatrice hopkinson a territorial forces nursing service sister who remained steadfastly and true to her profession as she nursed through shot and shell dr vivien newman s

meticulously researched introduction brings beatrice s world out of the shadows juxtaposing her war service against the background of the army nursing service where dedicated professional nurses worked closer to the front line than women could have ever previously imagined doing beatrice was selected for the most onerous type of duty in the bitterest phase of the war she had arrived in st omer in the summer of 1917 when the town was being continuously bombed with her hospital under nightly attack beatrice simply got on with the job she had come to france to do saving the lives and easing the dying of soldiers on the western front for beatrice spring 1918 was marked by a sea of blood caught up in the british army s headlong retreat when hospitals and patients risked being captured by the enemy she and her rapid response team were rushed between several casualty clearing stations in france and belgium they operated on thousands of soldiers wounded in germany s final attempt to win the war as the fortunes of war finally turned in the allies favor beatrice advanced through belgium a land destroyed by war and enemy occupation this diary gives rare insight into the realities of front line nursing through the eyes of someone who had never anticipated working for the army but who when her country called willingly and steadfastly answered
