to the real world the 4th edition features thoroughly updated statistics and coverage of timely issues and dilemmas throughout the text

since its inception an introduction to business ethics by joseph desjardins has been a cutting edge resource for the business ethics course desjardins unique multidisciplinary approach offers critical analysis and integrates the perspective of philosophy with management law economics and public policy providing a clear concise yet reasonably comprehensive introductory survey of the ethical choices available to us in business

this cutting edge text incorporates the latest issues and topics including extensive coverage of enron and arthur andersen with a straight forward and accurate survey of the multidisciplinary field of business ethics desjardins focuses on ethical reasoning and critical analysis throughout while integrating the perspective of philosophy with those of management law economics and public policy

the concept of sustainability and sustainable development has taken hold throughout the world as a new guiding principle of economic development this text brings the sustainability paradigm to the forefront of management and business ethics

business ethics decision making for personal integrity social responsibility 5e prepares students to apply an ethical decision making model to make sound business decisions this model teaches students ethical skills vocabulary and tools to apply in everyday business decisions and throughout their business courses the authors goal is to engage students by focusing on relevant and interesting cases and business scenarios and then asking them to look at the issues from an ethical perspective additionally its focus on aacsb requirements makes it a comprehensive business ethics text for business school courses practical applications throughout the text show how theories relate to the real world the 5th edition features thoroughly updated statistics and coverage of timely issues and dilemmas throughout the text

in this original collection of essays a group of distinguished scholars critically examine the ethical dimensions of business using the kantian themed business ethics of norman e bowie as a jumping off point the authors engage bowie s influential body of scholarship as well as contemporary themes in business including topics such as the normative foundations of

capitalism the applicability of kantian ethics virtue ethics and pragmatism in normative business ethics meaningful work managerial ethics the ethics of high leverage finance capitalism business ethics and corporate social responsibility and responsibility for the natural environment the contributors to this volume include both scholars sympathetic to bowie s kantian business ethics and scholars critical of that perspective as one of the foundational figures in the establishment and legitimization of the study of business ethics as a field of scholarship bowie casts a long shadow over the field over the last thirty years he has applied a distinctive kantian approach to the analysis of problems in business ethics and his work has had a substantial impact on a wide range of theory and scholarship in the field bowie argues in his work that economic value is not the only value that should inform managers executives and policy makers when making both business policy decisions and everyday management decisions he utilizes a kantian framework to support the position that additional values such as human dignity and rational consistency should inform business practice and influence managerial decision making he also shows that business practices that include these additional values are consistent with sound management theory and that such businesses can be financially successful this volume of scholarly essays will be of considerable interest to students and scholars working in business ethics corporate social responsibility and organization studies

business ethics prepares the reader for applying an ethical decision making model not only on an ethics course but throughout the discipline this model teaches ethical skills vocabulary and tools to apply in everyday business decisions

hartman desjardins is designed to prepare the student to apply an ethical decision making model not only in this ethics course but throughout her or his business discipline this model teaches students ethical skills vocabulary and tools to apply in everyday business decisions and throughout their business courses the authors speak in a sophisticated yet accessible manner while teaching the fundamentals of business ethics hartman s professional background in law and her teaching experience in the business curriculum combined with desjardins background in philosophy results in a broa
