it would come as no surprise that many readers may be shocked and intrigued by the title of our book some especially our medical colleagues may wonder why it is even worthwhile to raise the issue of killing by doctors killing is clearly an ethical to the art and science of medicine which is geared toward easing pain and suffering and to saving lives rather than smothering them doctors should be a source of comfort rather than a cause for alarm nevertheless although they often don't want to admit it doctors are people too physicians have the same genetic library of both endearing qualities and character defects as the rest of us but their vocation places them in a position to intimately interject themselves into the lives of other people in most cases fortunately the positive traits are dominant and doctors do more good than harm while physicists and mathematicians paved the road to the stars and deciphered the mysteries of the atom they simultaneously unleashed destructive powers that may one day bring about the annihilation of our planet concurrently doctors and allied scientists have delved into the deep secrets of the body and mind mastering the anatomy and physiology of the human body even mapping the very molecules that make us who we are but make no mistake a person is not simply an elegant biological machine to

be marveled at then dissected

highly candid insightful and unexpectedly humorous essays on both the brutality and the beauty of the profession in which saving and losing lives is all in a day s work a timeless collection by the best of the writing surgeons chicago tribune with a preface written by the author especially for this edition

the ground beneath our feet is spinning at a thousand miles an hour and the entire planet is hurtling round the sun at 67 000 miles an hour and i can feel it the doctor we re all travellers in time and space right now you re riding a planet as it makes its latest circuit of the sun for millennia humans have used this regular journey round and round to mark time and our place in the universe doctor who the time travelling almanac is your essential companion on this trip we call a year it s packed full of useful tips information and fun stuff to guide and illuminate the voyage month by month you can spot constellations identify shooting stars and mark daily doctor who debuts birthdays and anniversaries and there s so much more at which hour are sea devils most likely to attack what do the daleks predict for your future when has the doctor s timeline converged with the beatles and how are july and august related to days being erased from existence more than once

includes music

reprint of the original the publishing house anatiposi publishes historical books as reprints due to their age these books may have missing pages or inferior quality our aim is to preserve these books and make them available to the public so that they do not get lost

what are miracles why do miracles happen do miracles still happen the subject of miraculous activity is one that has compelled believers for millennia this book describes and recounts some of the most fascinating stories that have taken place not on the dusty pages of some centuries old manuscript but here and now in our own modern world fr paul glynn a marist priest takes the reader on a trip around the world to the sites of miraculous

happenings including healings apparitions and conversions including lourdes knock and fatima through personal accounts and meticulous studies he is able to show solid evidence and proof of god s work in our lives these inspiring stories will enhance the reader s faith as well as provide a bastion of comfort for those in doubt illustrated with many photos
