the kids have moved away what do we do now thousands of baby boomers have
asked themselves the same question they've looked for alternative homes but
nothing affordable seems quite right should you move closer to your grown
children should you stay put rent vs own move to the mountains or perhaps the
beach how about moving to a smaller town the good news is that boomers will
most likely live longer than their parents if you are sixty five you have a twenty
five percent chance of living past ninety the bad news is that most of us have not
prepared to live that long so what are we to do regardless of your situation you
do have alternatives let's make the most of the final one third of our lives step
back relax and take a journey with me as we explore housing alternatives some
of which I'll bet you have not considered

over the years the amount of video content has grown exponentially leading to a
flood of video content on live broadcasting platforms such as facebook youtube
instagram and others as you know four out of five people are likely to watch a
video that's why live streaming is so popular these days with a live video
streaming strategy companies of all sizes can engage with their consumers and

potential consumers and create important relationships through video integration live video marketing therefore offers the opportunity to do just that it is easy to build authority commitment and authenticity and for most it is affordable and has a proven record of effectiveness it is therefore very justifiable to all marketers why live video marketing should be an important part of your marketing plan the question is whether it should be part of your next campaign live video marketing isn't going anywhere anytime soon live streaming is a natural extension of the live video marketing and will remain an online marketing niche for the foreseeable future it opens up a new world of interactivity and you should take advantage of it as live streaming becomes more popular it is not as expensive as older video marketing methods all you need for a live video stream is a solid and stable internet connection a good camera and hd quality recordings another advantage of live video streaming is that you will feel like you're in the room with the customer for example you can show them a demo version of your latest product and in parallel engage with customer on real time interactively or sometime you can show them the office and introduce them to your employees in real time with the help of social media platforms like instagram and facebook companies lift the curtain to show what they are made of to their customers and live streaming makes it easy to do so when used correctly live streaming can help create community in fact platforms like periscope allow people to comment simultaneously with the livestream so that your audience can interact with each other this can help to forge a community when people connect in this way it will improve the user experience consider adding live videos to your marketing plan it is quickly becoming one of the best strategies to implement and with this guidebook cashing in with the power of social live video marketing workbook journal this workbook will provide a clear guidance through a social live video marketing action plan with well formatted layout for social media engagement on various platforms for daily weekly and monthly work monitor workflow tracking and measuring on progress and so much more it includes over 65 worksheets to help you get your action plan in order and keep everything within your checklist progress to a total social live video marketing program

a glorious plum pudding of a book to be consulted with pleasure and profit over and over again sir jeremy isaacs michael steen's great composers was originally published in 2003 a lifetime's work and almost 1000 pages long it has since become the reference point and key read on the biographical backgrounds to classical music's biggest names authoritative and hugely detailed but nonetheless a joy to read this new edition will expand its readership further and capitalise on a newfound popular interest in classical music steen's book helps you explore the story of bach the respectable burgher much of whose vast output was composed amidst petty turf disputes in lutheran leipzig or the ugly argumentative beethoven in french occupied vienna obsessed by his laundry or

mozart the over exploited infant prodigy whose untimely death was shrouded in rumour read about verdi who composed against the background of the italian risorgimento or about the family life of the wagners and brahms who rose from the slums of hamburg to become a devotee of beer and coffee in fin de siecle vienna a cultural capital bent on destroying mahler and much much more

a century of policy mistakes ruined america s cities and created an unprecedented housing crisis for many families homelessness is no longer someone else s problem it is right around the corner a real threat in their own immediate future our housing crisis is the result of a long history of government policies court cases and political manipulation while these disparate causes make up a tangled web they have one surprising root the attack on private property rights for more than a century government policies and court decisions have attacked undermined and eroded private property rights whether it be exclusionary zoning eminent domain abuse rent control or excessive environmental regulations the cumulative impact of these assaults on private property is that it s become increasingly difficult or even impossible to build adequate housing supplies to meet market demands we are fast approaching a time when millions of typical americans will quite literally have nowhere to live nowhere to live the hidden story of america s housing crisis takes readers through the history of how we got here with stories going back to the civil war the early twentieth century and the ill fated urban renewal movement of the 1950s nowhere to live reveals how the government layered mistake upon mistake to create the current crisis it also provides a way out not by government fiat but through the restoration of private property rights

researching live music offers an important contribution to the emergent field of live music studies featuring paradigmatic case studies this book is split into four parts first addressing perspectives associated with production then promotion and consumption and finally policy the contributors to the book draw on a range of methodological and theoretical positions to provide a critical resource that casts new light on live music processes and shows how live music events have become central to raising and discussing broader social and cultural issues their case studies expand our knowledge of how live music events work and extend beyond the familiar contexts of the united states and united kingdom to include examples drawn from argentina australia france jamaica japan new zealand switzerland and poland researching live music is the first comprehensive review of the different ways in which live music can be studied as an interdisciplinary field including innovative approaches to the study of historic and contemporary live music events it represents a crucial reading for professionals students and researchers working in all aspects of live music
