though less celebrated than the infantry and cavalry napoleon s specialist troops artillery engineers and supporting services were indispensable elements without them no army could have operated and they frequently assumed greater significance than the line regiments indeed having suffered least from the emigration of royalist officers the artillery was the best element of the early republican armies the nucleus of the old royal artillery serving with distinction in the early campaigns such as valmy the organisation and uniform of napoleon s specialist troops are here examined by philip haythornwaite in a engaging volume complemented by a wealth of illustrations including eight full page colour plates by bryan fosten

in the future a star faring race called the sventii convinced of their own superiority have conquered and subjugated every race they ve encountered in our galaxy when they come to terra earth they do so fully intending to enslave or annihilate mankind and use the planet s resources leaving a dying husk behind their advanced technology decimates all of mankind s defenses with billions killed in the first year and a half mankind s last hope is all but gone when a remarkable discovery is made the nexus graft gives mankind the ability to mentally communicate with animals this allows the formation of

battle groups led by an experienced military officer and made up of a select group of animals these primitive assault groups are completely ignored by the energy shields and advanced technology of the sventii now there is renewed hope for mankind's guerrilla warfare offensive strategy against the sventii battle group undaunted move out
