this volume considers the current research of group communication scholars provides an overview of major foci in the discipline and points toward possible trajectories for future scholarship it establishes group communication s central role within research on human behaviour and fosters an identity for group communication researchers

the importance of visual data mining as a strong sub discipline of data mining had already been recognized in the beginning of the decade in 2005 a panel of renowned individuals met to address the shortcomings and drawbacks of the current state of visual information processing the need for a systematic and methodological development of visual analytics was detected this book aims at addressing this need through a collection of 21 contributions selected from more than 46 submissions it offers a systematic presentation of the state of the art in the field the volume is structured in three parts on theory and methodologies techniques and tools and applications

the united states has often acted as an empire in latin america nevertheless there has been an obvious dissimilarity between u s actions in south america and u s actions in the rest of latin america which is illustrated by the fact that the united states never sent troops to invade a south american country while geographic distance and strategic considerations may have played a role they provide at best incomplete explanations for the u s s relative absence south of panama the fact that the united states has had a distinct pattern of

interactions with south america is thus not captured by the typical concept of latin america in brazil the united states and the south american subsystem regional politics and the absent empire carlos gustavo poggio teixeira recuperates the virtually neglected literature on regional subsystems in so doing teixeira maintains that researchers of inter american relations would greatly benefit from a characterization reflecting actual regional realities more than entrenched preconceptions such a characterization involves subdividing the western hemisphere in two regional subsystems north and south america this subdivision allows for uncovering regional dynamics that can help explain the u s s limited interference in south american affairs compared to the rest of latin america this book argues that the role of brazil as a status quo regional power in south america is the key to understanding this phenomenon through a historical analysis focusing on specific cases spanning three centuries this research demonstrates that brazil regardless of particular domestic settings has deliberately affected the calculations of costs and benefits of a more significant us involvement in south america while in the past brazil has taken actions that resulted in increasing the benefits of the u s s limited involvement in south america in more recent times it has sought to increase the costs of a more significant u s presence teixeira then considers some of the theoretical and political implications of the framework laid out by this research brazil the united states and the south american subsystem is a groundbreaking investigation of u s latin american relations and the politics of imperialism

winner of the 2017 nca gerald r miller book award use and understand interpersonal communication theories engaging theories in interpersonal communication multiple perspectives highlights key theories used to guide interpersonal communication research the second edition features 30 theory chapters written by leading scholars in interpersonal communication including new coverage of evolutionary theories problematic integration theory supportive communication theories theory of motivated information management critical approaches to interpersonal communication and media multiplexity theory each theory chapter follows the same structure to help readers easily find and compare information across theories an updated introductory chapter maps the history and the current state of interpersonal communication theory since publication of the first edition based on comprehensive analysis of published scholarship presenting both classic and cutting edge issues the book organizes theories into three clusters theories that are individually centered theories that are focused on discourse and interaction processes and theories that examine how communication functions in personal relationships all authors interweave abstract theoretical concepts with concrete examples in order to maximize readability and comprehension

this book seeks to uncover the linkages between business leaders motivated by profit and

political decision makers motivated by electoral gain by examining the responses of public officials in three michigan auto cities detroit flint and pontiac to plant location choices made by general motors and chrysler throughout the authors focus on three issues the relationship between the local industrial economy and the local political system the structure of urban politics and the degree of independence of political decision makers in urban affairs

although it is usually assumed that native americans have lost their cultural identity through modernization some peoples have proved otherwise brian hosmer explores what happened when cultural identity and economic opportunity converged among two native american communities that used community based industries to both generate income and sustain their cultures comparing a lumber business run by the menominees of wisconsin and a salmon cannery established by british columbian and alaskan tsimshian communities known as metlakatla hosmer reveals how each tribe responded to market and political forces over fifty years hosmer s innovative ethnohistory recounts how these indians used the marketplace to maintain their distinctiveness to a far greater extent than those who became wage earners in the white man s world hosmer shows that by selectively incorporating elements of american capitalism into their cultural lives the menominees and metlakatlans came to view modernization less as a threat to their tribal life than as a means for maintaining their independence these tribes embraced the same market accused of hastening the demise of native societies and became comparatively successful in american terms even as they both honored fundamental values and forged new cultural identities over time these peoples came to understand how the market worked recognized that the broader economy operated according to market principles and learned how to adjust to it hosmer reveals how their strategies of purposeful modernization brought relative economic independence and sometimes the respect and cooperation of local and federal governments how it helped chart a middle course between unchecked individuality and a communal ethos that might stifle economic development and how economic development and cultural values ultimately affected one another american indians in the marketplace is a story of adaptation that acknowledges the hardship and suffering common to most indian white contact while emphasizing the benefits of selective modernization accompanied by a constant re invention of tradition it questions the victim thesis of native american history and shows that native peoples can meet the challenges of surviving in the larger world

twenty two scholars from several disciplines turn a professional eye to this much maligned yet heavily practiced form of conversation they show how it contributes to community cohesion and helps individuals better understand their own predicaments problems and

personal idiosyncrasies in light of knowledge about the life experiences of others

many of the basic issues of political science have been addressed by pluralist theory which focuses on the competing interests of a democratic polity their organization and their influence on policy andrew mcfarland shows that this approach still provides a promising foundation for understanding the american political process

this synthesis of great plains archaeology brings together what is currently known about the inhabitants of the ancient plains the essays review the paleo indian archaic woodland and plains village peoples providing information on technology diet settlement and adaptive patterns
