dynamic fair dealing presents a range of insightful and provocative essays that rethink our relationship to canadian fair dealing policy

bodies on the line offers the first sustained study of the poetry reading in its most formative period the 1960s raphael allison closely examines a vast archive of audio recordings of several key postwar american poets to explore the social and literary context of the sixties poetry reading which is characterized by contrasting differing styles of performance the humanist style and the skeptical strain the humanist style made mainstream by the beats and their imitators is characterized by faith in the power of presence emotional communion and affect the skeptical strain emphasizes openness of interpretation and multivalent meaning a lack of stability or consistency and ironic detachment by comparing these two dominant styles of reading allison argues that attention to sixties poetry readings reveals poets struggling between the kind of immediacy and presence that readings suggested and a private retreat from such performance based publicity one centered on the text itself recordings of robert frost charles olson gwendolyn brooks larry eigner and william carlos williams all of whom emphasized voice breath and spoken language and who were inveterate professional readers in the sixties expose this struggle in often surprising ways in deconstructing assertions about the role and importance of the poetry reading during this period allison reveals just how dramatic political and contentious poetry readings could be by discussing how to hear as well as read poetry bodies on the line offers startling new vantage points from which to understand american poetry since the

1960s as both performance and text

this text and guide discusses the surgical and medical management of congenital heart diseases in both adult and children it describes the disease pathology treatment complications and follow up with extensive use of didactic material to educate the reader to the practicalities of the subject it details the novel research via an extensive literature review while covering all aspects of the surgical and medical treatment of congenital heart disease it includes review of the laparoscopic techniques and epidemiology of each disease involved and their prevalence to provide the reader with the full clinical picture clinical and surgical aspects of congenital heart diseases text and study guide provides a thorough practical reference for the discipline with the use of illustrations and charts to facilitate understanding it is essential reading for all trainee and practicing cardiac surgeons cardiologists and internists and all interested healthcare professionals

not born digital addresses from multiple perspectives ethical historical psychological conceptual aesthetic the vexing problems and sublime potential of disseminating lyrics the ancient form of transmission and preservation of the human voice in an environment in which e poetry and digitalized poetics pose a crisis understood as opportunity and threat to traditional page poetry the premise of not born digital is that the innovative contemporary poets studied in this book engage obscure and discarded but nonetheless historically resonant materials to unsettle what charles bernstein a leading innovative contemporary u s poet and critic of official verse culture refers to as frame lock and tone jam while other scholars have begun to analyze poetry that appears in new media contexts not born digital concerns the ambivalent ways page poets rather than electronica based poets have grappled with screen memory that is electronic and new media sources through the re purposing of found materials

in the second half of the twentieth century poetry leapt out of books and became an interdisciplinary public form poetry entered bureaucratic systems of organization like index card catalogues it pushed the boundaries of privately owned public parks keegan cook finberg argues that poetry became an increasingly capacious force during this period because it could speak directly to the degradation of the social democratic notion of the public poetry in general explores how poets expanded their practice into the realms of politics work and everyday life from 1960 to the present from the apex of the welfare state to an era of privatization and austerity it considers a compelling array of figures including yoko ono george brecht frank o hara amiri baraka bernadette mayer eleanor antin adrian piper and m nouri bese philip whose works draw on conceptual techniques to transform official documents and spaces finberg shows how these public texts expose the mechanisms of the neoliberal consensus about work and leisure the state s facilitation of capitalism and enduring racial and gender inequities she also provides politically charged ways to interpret and critique racial capitalism antiabortion legislation and mass debt a new literary and institutional history of postwar poetics this book shows how poetic experiments address the privatization of collective life and rethink the category of the public
