es un libro mitad científico mitad filosófico que intenta dar una explicación a la teoría unificada del universo mediante el método holofrónico dicho método permite organizar el conocimiento bajo un patrón fractal

this book provides an exhaustive historical account of how the english language was taught and learnt in spain over two centuries since its origins back in 1769 with the publication of san joaquin de pedro s gramática inglesa until 1970 a key year in european and world affairs a

period of time ample enough to accurately gauge the impact of this social phenomenon against the backdrop of social and political unrest which looms over the whole period but also with scientific breakthroughs that shaped our modern world the history of elt runs parallel to those events adopting different mainstream trends ranging from the traditional or latin like approach to foreign language teaching to the so called grammar translation method and the direct or oral method however special attention is also given to minor trends such as eclecticism which constantly overlaps the mainstream trends this book is the first to take a close look at how the english language was taught and learnt in spain for a two century period when the french language was the spaniard s first choice when it came to learning a foreign language

metaphors are diversly and intricately embedded in architectural practice and discourse

precisely for this reason this volume argues and sets out to explore how they can be engaged to critically interrogate architecture's social cultural and political dimensions past and present and to productively challenge and intervene with established perspectives debates and practices mapping out not just potentials but also addressing the challenges limitations and dangers inherent in using metaphors in architectural research and practice the volume prominently illustrates the ambiguity and contradictoriness inherent in both metaphors and the process of engaging and exploiting them covering a broad range of historical and geographical cases and concerns the contributions illustrate effectively that metaphors can expand or narrow our engagement with architecture and consolidate or legitimise but also destabilise and challenge established social cultural disciplinary and political structures concepts and categories with its aim to explore metaphors as both subject and method to critically challenge and expand established practices perspectives and standards in architectural research and practice the volume will be of interest for scholars working across the architectural humanities including architectural history theory culture design and urbanism as well as for researchers concerned with architecture and the city from fields such as cultural visual and area studies as well as art history

concreta el decreto del currículo de bachillerato para la comunidad valenciana

presentamos lo que podríamos considerar como una filosofía darwiniana de la música que comprende entre otros temas la teoría de la evolución musical y sus causas la influencia del ambiente musical y del principio de selección natural la diversidad de las especies musicales de los distintos pueblos

este libro contempla la situación de la universitat de valència en los años de la dictadura de primo de rivera y la conciencia crítica de sus estudiantes orientados por lo mejor del profesorado los esfuerzos que realizaron durante la república para hacer frente a lo que tan justamente se ha llamado el asalto a la razón sin embargo lo que quisiera destacar es un rasgo esencial de esta historia de la universidad la consideración del criterio utilizado por la autora sin que el análisis se confunda con la fragmentación y con el explícito objetivo de proporcionar una síntesis así atiende al contexto cultural y político los intentos de modernización el desfase entre lo escaso de la financiación de la universidad y sus necesidades crecientes que paraliza o retrasa aquellos intentos los problemas específicos de las facultades y un acercamiento a la biografía colectiva de sus profesores en resumen una investigación de historia cultural tratada en su relación constante con la historia social
