authors franklin and hein have witnessed firsthand difficulties experienced in some black communities they use their knowledge to analyze and discuss the interactions between american policing a subculture of the black community and the blm movement the authors wrote this book not because of attacks on police officers but because of overzealous actions by officers to shoot black men it describes how blue on black shootings along with police tactics

sometimes cause intense citizen responses through public statements outbursts and demonstrations it begins with an examination of the differences between the black and white communities how the same incident can be viewed from two different perspectives and how a discussion can be perceived unbiased by one but biased and unjust by another because of civil rights efforts american policing is going through a transformation a change in policing tactics must be met with a re evaluation of some cultural norms by the black community they also discuss the lack of support by blacks shown to other blacks when there is an impression of being not black enough the authors believe in political correctness but also believe that political correctness is harming the black community because well recognized negative issues in some communities are not being addressed to avoid criticism of black culture in the final chapter the authors discuss the failure of black leadership to make any earnest effort to rescue a wanting black subculture from itself finally the authors believe that american policing understands its 21st century obligations and is taking steps to meet them

over the years the assessment center method of evaluating and selecting individuals to fill technical supervisory and management level positions has proven to be highly successful in municipal police and fire departments this fourth edition expands upon the concepts and principles presented in the previous editions and numerous chapters have been extensively edited and reformatted new sections have been presented on the critical ems problem as well as public education exercises the chapter best practices in assessment center exercises provides many new examples of how candidates can achieve superior performance in many different kinds of assessment exercises the text continues to offer invaluable insight concerning the reliability cost effectiveness and objective methods for the selection of candidates for higher appointments included topics are the advantages of the assessment center objections to assessment centers typical and effective assessment exercises center design and administration selection and training of assessors candidate evaluation scoring and feedback preparing for an assessment center best practices

greatest blunders and ensuring candidate satisfaction with assessment methods a substantial appendix offers many valuable resource tools typical in basket items guidelines for scoring group problem solving exercises tactical fire problem scenario employee meeting exercise citizen interview exercise role playing exercises shift meeting exercise community meeting exercise room configurations typical schedules and candidate feedback questionnaires and forms this fourth edition continues to be the most authoritative source for assessment center management
