Maness asks us to tie up our sneakers for we are going to have some fun as we hike into the Grand Canyon of Love Love is the treasure of life it is Love all the way nothing else really matters outside of Love best of all our Love will only get better in Heaven the treasured ability to have loving relationships is God's gift to us in our image of God we all share likewise what we know of Love this side of Heaven is but a dusty image of what God experiences I want to get personally involved says Maness can we have a free will relationship with anyone even God if all of what we do and think is settled I don't think so Love is greater than that and I shall prove that and that is indeed a Grand Canyon Maness brings some of the brain splitting complexities of this to light with good humor introduces dynamic foreknowledge and challenges classical theism's avoidance of Love and he exposes some foul play in the process that's the first half of the book for those wanting to strike out on their own wanting to see more of the depth and diversity of the Grand Canyon the second half contains reviews of about 60 major authors a 4 000 abysmal bibliography and a huge index to just about everything in the book Maness has thrown a gauntlet before the classical theists so tie up your sneakers and take a hike with Michael G. how are Christians to live in the midst of a society that is collapsing into anarchy and a church that is being overwhelmed by apostasy in other words how are we to respond to increasing paganism are we to ignore it embrace it or take a stand against it in behalf of righteousness Dr. Reagan begins this hard hitting book with a breathtaking review of the breakdown of society and the apostasy that is raging within the church he then outlines how we are to live for Christ by standing on the Word of God believing in the power of God relying on the Holy Spirit practicing tough faith ordering priorities keeping an eternal perspective standing for righteousness persisting in prayer surrendering in worship clinging to hope the book concludes with a survey of God's prophetic promises for the future which guarantee believers a great victory over this world when the Lord Jesus Christ returns

the name it claim it theology of the Word Faith movement is presented as biblical but is it in this compelling book McConnell documents the historical link between Faith Theology and New Thought metaphysics he then analyzes Faith Theology's doctrines of healing and prosperity as well as its understanding of the atonement of Christ to show how they deviate from biblical teaching this updated edition features a foreword by Hank Hanegraaff and an afterword by McConnell softcover from Hendrickson

is a global military assault on Israel merely an ominous wild-eyed prophecy or an imminent world-wide reality in what is possibly the most comprehensive and clear-cut examination of ancient biblical prophecy and modern day Middle East politics

regarding islam israel and the nations judgment day is an eye opening page turner for scholars analysts pastors professors politicians and laypeople alike amazing historical facts and first hand insight make this book a thrilling sometimes troubling read but one that is necessary for an accurate understanding of the prophetic times in which we live drawing parallels between the land for peace appeasement of hitler prior to his systematic extermination of more than 6 million jews and today s strategy of the nations united against israel is not at all difficult but dave hunt goes much deeper than that with painstaking clarity and detail judgment day reveals the ancient agenda against the jews and traces its twisted trail to modern day deceptions of u s presidents foreign ambassadors covert and overt military operations businesspeople educators and world leaders alike in this no holds barred documentary dave hunt skillfully dissects the myth of palestinian claims to the promised land and exposes the fraud deceit and treachery of an international community allied against the jewish nation as the author writes in the final analysis the battle over israel is a battle for the souls and destiny of mankind if islam and the nations siding with her should accomplish their goal of destroying israel then mankind from a biblical perspective is eternally lost

this real life drama of terror mystery and suspense behind the iron curtain is an unforgettable testimony of gods faithfulness to those who forsake all to fulfill the great commission

agnes sanford was arguably the most original and spiritually fruitful theologians of the twentieth century among her achievements were the discovery and development of the inner healing ministry the development of a theology of the light of god missing in western theology and the first ever theology of nature prayers as in stilling storms she and her husband developed a school to teach ministers and lay leaders healing and deliverance prayer and the gifts of the spirit a decade before the charismatic renewal made such things acceptable in mainline churches in spite of these achievements she is largely ignored and unrecognized today this work examines her career and shows why her theology though deeply biblical was unacceptable to orthodox critics sanford was part of a group who worked from the 1900s through the 1960s to make healing and deliverance prayer as normal in church they had to confront the erroneous established theology of cessationism which affirmed that the healing ministry of the church was past

sovereignty versus free will can the centuries old debate be resolved biblically drawn from dave hunt s masterful work on the subject what love is this calvinism s misrepresentation of god this long awaited installment in the easier to read paperback series provides an invaluable and highly accessible examination of one of the most hotly debated topics among evangelicals today the apparent tension between god s sovereignty and man s free will has been a point of study and discussion and sadly of contention among sincere christians for centuries some have taken the approach of c i scofield that these are two truths that must both be accepted but that cannot be reconciled both are wholly true but the connecting and reconciling truth has not been revealed likewise w l pettingill wrote god insists upon his sovereignty and also upon man s responsibility believe both and preach both leaving the task of harmonizing with him r a torrey agreed that we should not try to explain away the clear teaching of the word of god as to the sovereignty of god and the freedom of the human will thus calvinists are faced with a dire dilemma when it comes to presenting the gospel if man s only choice is to reject god unless he has been predestined to be sovereignly regenerated why should one bother sharing the good news at all unfortunately neither calvin nor many of his followers today have been willing to accept both sides of this biblical teaching as readers of this volume will discover calvinism denies what so many great evangelists have recognized is vital for whosoever will to hear in calvin s dilemma dave hunt skillfully demonstrates the essential balance that is required to bridge this divide biblically

it is astonishing how many millions of otherwise seemingly intelligent people are willing to risk their eternal destiny upon less evidence than they would require for buying a car or even a low carb food item yet the belief of so many particularly in the area of religion has no rational or factual foundation with well researched arguments and compelling proof this book demonstrates that the issue of where one will spend eternity is not a matter of preference like joining the elks instead of the lions in fact there is overwhelming evidence that we are eternal beings who will spend eternity somewhere but where will it be and how can we know there is no more important question to be faced and answered
