Is fasting 1000 consecutive days possible? Not fasting day and night without any food and water, no that's not possible, but fasting for over a thousand consecutive days from 15 to 17 hours a day is possible. Never in my wildest dreams did I think that I would be the person to do this, but why fast 1000 days? What was the reason behind it? All I wish the answer to why a person would fast 1000 days was simple, but it's not the absolute truth. It is that I never intended to fast 1000 days; it never even entered into my mind. Had I known, I would have rejected the idea. I never thought it was possible. I didn't even think 100 days was possible until God blessed me to do it. It was not until I had fasted around 700 days that I began to believe 1000 days of fasting was possible. That's when I prayed and said to God, Lord, since you have blessed me to fast 700 days, I have only one request now: Lord, bless me to go 1000 days. The Lord heard my request and granted it. During my fast, I kept wondering and saying, Lord, why won't you give me a release from this fast? It was not until I had fasted 1000 days that God revealed the reason why He had me fasting all those days. God spoke to my mind and said, Vernard, I didn't have you fasting for you; I had you fasting for people who need me all over the world. So I was not fasting for me; I was fasting for you, people who are broken, people who have been wounded and bruised, and people who need God to move in their behalf.
