Cultural representation of the second wife: literature, stage, and screen is a multifaceted interdisciplinary cross-cultural work that provides insights into the realities of second wives. The world over, this book allows the reader a three-dimensional view of the second wife experience. It asks: what does it mean and what does it feel like to be a second wife in a polygamous union or in a monogamous partnership? Is there a difference? Together, the writers in this book cleverly create an in-depth study of the subject through the productions referred to in the title to offer a different approach to the popularly held views of the second wife. The book addresses the intricacies, customs, practices, and lifestyles of the various eastern and western cultures and demonstrates the abilities of the humanities to connect and interrelate with other disciplines as well as with the reader's own world.

Rage Planet Chapter Three in Issue 3: Green Lanterns Jessica Cruz and Simon Baz are trapped in the bloody and monstrous Rage Tower with their rings drained. Cultural Revolution: Culture often denigrated as nothing but propaganda was liked not only in its heyday but continues to be enjoyed today. A continuous revolution sets out to explain its legacy by considering cultural revolution propaganda art, music, stage works, prints, and posters, comics, and literature from the point of view of its *longue durée*. Barbara Mittler suggests it was able to build on a tradition of earlier art works and this allowed for its sedimentation in cultural memory and its proliferation in contemporary China, taking the aesthetic experience of the cultural

revolution 1966 1976 as her base mittler juxtaposes close readings and analyses of cultural products from the period with impressions given in a series of personal interviews conducted in the early 2000s with chinese from diverse class and generational backgrounds by including much testimony from these original voices mittler illustrates the extremely multifaceted and contradictory nature of the cultural revolution both in terms of artistic production and of its cultural experience
