historian johan huizinga once described game playing as the motor of humanity s cultural development predating art and literature since the late 20th century western society has undergone a ludification as the influence of game playing has grown ever more prevalent at the same time new theories of postmodernism have emphasized the importance of interactive playful behavior core concepts of postmodernism are evident in pen and paper role playing such as dungeons and dragons exploring the interrelationships among narrative gameplay players and society the author raises questions regarding authority agency and responsibility and

discusses the social potential of rpgs in the 21st century

in the nationally bestselling roger zelazny s the dawn of amber john gregory betancourt began the epic exploration into how the world of amber and all of its shadow worlds came into existence the young warrior named oberon who is destined to found a dynasty and rule over amber was rescued from attacking hell creatures by his father dworkin and introduced to his brothers and sisters and his heritage as a prince of the courts of chaos but the shadow world called juniper the home of dworkin and his kin came under deadly attack by unknown and overwhelming forces after sending the rest of the family to distant shadow worlds for their own safety dworkin and oberon and oberon s half brother aber traveled to the center of the known universe and the lair of their enemies the courts of chaos to put an end to the undeclared blood feud in to rule in amber the story picks up when oberon takes on the reins of leadership and he carves an empire from the new universe created by his father enemies new and old lie in wait and creating a kingdom for himself and his heirs requires delicate political maneuvering a will of iron and the might of a born warrior power mad siblings a madman for a father assassins and the king of chaos are just the beginning of his troubles oberon must learn to master them all if he is to rule in amber the more oberon tries to do to clear the family name the worse the situation becomes until the mysteriously missing dworkin trumps into the scene and snatches him away dworkin has no intention of trying to clear his name right now especially since he is a traitor having stolen the magical object known as the jewel of judgement this he needs to create a new equally powerful universe from which to oppose the courts of chaos the universe that will be known as amber a universe built from magic will power and royal blood

all hail king oberon at last dworkin has created the magic pattern and amber has been established with its own myriad of shadow worlds now king oberon works on repairing castle amber after winning his epic battle with the forces of chaos and his

world is at peace until he is attacked by a nightmare creature that refuses to die while everything in its path withers and turns to dust oberon leads the monster away from amber on through an almost infinite number of shadows and still the creature presses ever closer at last oberon travels to the world of the pattern itself his source of power to make a stand against it his fight from the center of the pattern rips the world asunder even damaging the pattern itself but oberon manages to defeat the deadly monstrosity and the pattern repairs itself still much time has passed and much damage has been done among other things when oberon returns to amber his father tells him that the pattern has been magically transported to the bowels of the castle further examination reveals that the original pattern remains where it was drawn and castle amber now possesses its identical double but more damage than that may have been done in a single evening oberon discovers that amber hosts another race of creatures a whole civilization living beneath the ocean in a mirror duplicate of amber he learns that it too has had a copy of the pattern appear in its depths that the queen of the undersea kingdom knows all about him and desires him to get rid of the pattern from her realm and that she has plans for him and the powers to perhaps make her wishes real fans of the late roger zelazny s popular amber series should flock to this publishers weekly
