business adventures remains the best business book i ve ever read bill gates the wall street journal what do the 350 million ford motor company disaster known as the edsel the fast and incredible rise of xerox and the unbelievable scandals at general

electric and texas gulf sulphur have in common each is an example of how an iconic company was defined by a particular moment of fame or notoriety these notable and fascinating accounts are as relevant today to understanding the intricacies of corporate life as they were when the events happened stories about wall street are infused with drama and adventure and reveal the machinations and volatile nature of the world of finance longtime new yorker contributor john brooks s insightful reportage is so full of personality and critical detail that whether he is looking at the astounding market crash of 1962 the collapse of a well known brokerage firm or the bold attempt by american bankers to save the british pound one gets the sense that history repeats itself five additional stories on equally fascinating subjects round out this wonderful collection that will both entertain and inform readers business adventures is truly financial journalism at its liveliest and best

this is not john brooks book this work is a comprehensive summary of the book business adventures by john brooks it provides a detailed and concise description of his book s content key ideas and facts please note that according to the u s copyright law the title of john brooks book is not protected by copyright law john brooks book titled business adventures twelve classic tales from the world of wall street is bill gates and warren buffett favorite business book according to bill gates john brooks business adventures stands alongside benjamin graham s the intelligent investor which warren buffett called the best book on investing john brooks book is a compendium of brooks new yorker articles from the 1960s it includes twelve articles that tell stories about the failure of the ford edsel the inventor of the supermarket and his struggle with wall street the evolution of xerox etc bill gates writes it s certainly true that many of the particulars of business have changed but the fundamentals have not brooks deeper insights about business are just as relevant today as they were back then indeed even though the book was written in 1960s the lessons learned still apply today for example when brooks speaks out about the flaws of the federal income tax he could be referring to the modern tax law designed with special provisions for the riches brooks story does not seem out of date when he writes about the very lucrative opportunities that become available to people who go to work for government agencies and then move to private business and use the connections and the experience that they acquired while working for government when he writes about a three day panic which occurred on wall street in the year 1962 he might as well be describing the perplexing 2010 flash crash brooks tells how the arrival of xerography prompted hopes and fears which can make the reader think about the early days of the world wide each chapter of john brooks book offers engaging stories about people who work together make decisions under pressure and either succeed or fail to achieve challenging goals each story invites the reader

to make his or her own conclusions about business and finance practices book summaries published by brief concise and to the point publishing are designed to keep readers up to date and knowledgeable regarding new and significant books book summaries are perfect for people especially busy professionals who do not have the time to read books in their entirety the main benefits of reading book summaries published by brief concise and to the point publishing 1 our book summaries help you save your time and money instead of spending days or even weeks reading an important book simply take one or two hours to read our concise book summary it will introduce you to the book s primary content ideas arguments and facts it will also help you decide whether it is worthwhile to invest your time and money in the entire book 2 our book summaries are truly comprehensive some other publishers superficial book summaries do not exceed 15 to 20 pages although they are presented as lengthy summaries our extensive book summaries include all the essential information you need to know 3 our books help you retain more information pertaining to the book s content academic studies have proven that people retain more of what they read in a summary as compared with what they remember after reading a book please note that according to the u s copyright law the ideas and facts presented in books as well as book titles are not protected by copyright law

please note this is a summary of the book and not the original book business adventures by john brooks a 30 minute instaread summary twelve classic tales from the world of wall street inside this instaread summary overview of the entire book introduction to the important people in the book summary and analysis of all the chapters in the book key takeaways of the book a reader s perspective preview of this summary chapter 1 the concept of the stock market was invented in amsterdam in 1611 as chronicled in a book published in 1688 by stock trader joseph de la vega his insights into trading remain remarkably relevant today he coined the term antiperistalsis to describe when the market reverses course then reverses course again even back then de la vega found that brokers were creative in trying to find reasons for why stocks behave the way they do the mini stock market crash that took place on may 28 1962 did not last long but offers some fascinating insight into the way the market works the causes of the crash at the time the worst since 1929 remain somewhat elusive one possibility was individual investors particularly wealthy investors not connected to the securities business however it also appeared to be the large number of rural female and foreign investors who had been playing the market with borrowed money and were forced to pay on margin calls there were also problems related to the mechanical delay in recording and reporting trades via the ticker due to the sheer volume of transactions customers could not really know what the prices were when they tried to sell stocks no matter the cause the loss was large

at more than 20 billion

underdog thinking is real life business adventure story that follows the journey of an indian immigrant to the u s who was told he didn t know a damn thing about american business but as opportunity would have it a short time later he found himself an accidental entrepreneur with a front row ticket to the ins and outs of launching and growing a business he was flying high on his growing success until a fateful moment when everything changed as businesses rise and fall to the tune of supply and demand sometimes the harshest betrayals come out of nowhere when you least expect it as do the surprising sparks of hope when an unforeseen circumstance initiates a chain of events that leave him at a crossroads he must make the tough call to give in and give up or push through and win ceo business ethics thought leader speaker and author atul vir has lived that story and even in the darkest moments when failure seemed most imminent he drew on the work ethic instilled from his earliest days and his commitment to do right by his customers to bring his dream up from the ashes and back to life in his new book underdog thinking vir inspires readers to face any challenge that comes their way with practical business lessons for every step of the journey gleaned from his experience as both an immigrant building a business and as ceo of equator appliances for more than 25 years the book dives into current themes dominating the business landscape including global business overcoming failure bootstrapping securing financing immigration and what innovation truly means while many people offer sage advice on these topics vir s lessons are paired with a unique captivating story and more than two decades of entrepreneurial expertise in an industry dominated by much bigger players major multinational corporations

business adventures 1969 by journalist john brooks is a collection of 12 nonfiction stories about american business and high finance each story explores a different subject including eccentric leaders and their successes failures and legal quandaries purchase this in depth summary to learn more

business adventures is not a book about numbers it s a book about people through twelve unforgettable true stories it takes you deep inside the rise and fall of companies markets and leaders who shaped modern capitalism from the chaos of the 1962 stock market crash to the spectacular failure of ford s edsel from the electric revolution of xerox to the pride and tragedy of britain s defense of the pound each chapter reveals that behind every financial chart lies a very human story of ambition fear innovation pride and redemption john brooks transforms boardrooms and trading floors into stages where drama unfolds with shakespearean intensity you

It meets visionaries who changed the world, bureaucrats who lost their way, and dreamers who mistook luck for genius. What ties them together is not money but emotion, the timeless human struggle to make sense of success and failure. Witty, elegant, and deeply insightful, *Business Adventures* is more than a classic of business writing; it's a mirror that reflects how people think, decide, and behave when the stakes are highest. Whether you're an entrepreneur, an investor, or simply fascinated by human nature, this book will leave you seeing business not as a cold science but as a living, breathing adventure.

the intangibles, the X factors: 1. the big idea, 2. your vision, 3. high margins and premium prices, 4. get it out the door, 5. test and improve, 6. listen and shift, 7. create zealots, 8. what's next, 9. tap your mastermind, 10. create the fun, 11. create the impact. Shattering the myth that you need money to make money, serial entrepreneur and millionaire Yanik Silver reveals the 11 X factors to turn your big idea into even bigger profits without taking on debt, partnering with outside investors, or even writing a business plan. We're not talking your typical B-school advice; these are the real-world, underground insights that can take your idea from a little concept on a napkin to throwing off serious revenue in a way that supports and builds up whatever else is important to you. These maverick rules are the little hinges that swing big doors of opportunity, applied by the most successful and innovative entrepreneurs who dared to fast-track their big idea, blaze their own path, and simply write their own rules for success. The maverick philosophy: set your own rules, make more money, have more fun, experience a rich life, and give more to make a difference.

A humorous and keen look at the roller coaster boom and bust of the 1960s and 1970s, by the New York Times bestselling author of *Business Adventures*, John Brooks blends humor and astute analysis in this tale of the staggering go-go growth of the 1960s stock market and the ensuing crashes of the 1970s. Swiftly rising stocks promised fast money to investors, and voracious cupidity drove the market, but the bull market couldn't last forever, and the fall was just as staggering as the ascent, including the astounding story of Ross Perot's loss of \$450 million in one day, the tale of America's last Gatsby, Eddie Gilbert, and the account of financier Saul Steinberg's failed grab for Chemical Bank. This book is replete with hallmark financial acumen and vivid storytelling. A classic of business history, *The Go-Go Years* provides John Brooks's signature insight into the events of yesteryear and stands the test of time.
