business and legal forms business practices and more while we don't aspire to publish a New York Times bestseller or a national bestseller we are deeply committed to quality books that help creative professionals succeed and thrive we often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers

this book argues that interior architects have a responsibility to practice their profession in collaborative ways that address the needs of communities and of to be the agents of social justice and cultural heritage the book is divided into three sections based on three pivotal themes community engagement social justice and cultural heritage each section has chapters that put forward the principles of these themes leading into a variety of fascinating case studies that illustrate how socially sustainable design is implemented in diverse communities across the world the second section includes four concise case studies of community housing issues including remote area indigenous housing and housing for the homeless the third section offers two extensively researched essays on design and cultural heritage a case study of the development of a redundant industrial site and a historical study of gendered domestic interiors the book appeals to a wider audience than the design community alone and challenges mainstream interior design interior architecture practitioners nationally and internationally to take a leading role in the field of socially responsible design the issues raised by the authors are relevant for individuals communities government and non government organisations professionals and students in the twenty first century we seem to have entered into a new world of knowledge discovery where many of the most exciting insights come not from the authority of a traditional discipline but from the dialogue that happens at the hubs and intersections of thought the arenas where different disciplines and approaches different schools and habits of thinking come together to collaborate and contend this collection is a good example of this and i hope the book will be widely read and its lessons learned and applied tim costello officer of the order of australia chief executive world vision australia

designing the modern interior reveals how the design of the inside spaces of our homes and public buildings is shaped by and shapes our modern culture

sustainable design for interior environments 2nd edition builds on the first edition's premise that the interior design profession has a social and moral responsibility to protect the health safety and welfare of people and the environment the text equips professors students and practitioners to design sustainable interiors by addressing leed certification environmental concerns ecosystems ethics values worldviews and the ways in which science and technology can be used to address environmental challenges through content organization and pedagogical features the book integrates complex sustainability topics directly into the design process thereby enabling readers to apply the concepts of sustainability with the same ease as they do the elements and principles of design
