the naval aviation safety review

excerpt from military geography for professionals and the public the  
dearth of consolidated studies on the discipline of military geography came  
to john collins attention early in his long and distinguished career as a  
soldier and scholar thus he began and kept up an interest in the subject for  
more than 40 years amassing voluminous files on the subject finally  
afforded the opportunity to research and write on his avocation at the  
national defense university he spent 2 years as a visiting fellow tapping not  
only his own wealth of data and experience but a wide variety of well  
informed opinions on every facet of military geography the resultant  
volume the culmination of a life long career fills a gap in the professional

and technical literature the national defense university is pleased to have hosted John Collins and to publish his work. No other book to our knowledge marries military art with that of the geographer so deftly and completely. The volume seems destined to meet its stated purposes for years to come, namely to provide a textbook for students, a handbook for military professionals, and an enlightening survey for any appreciative lay reader. About the publisher: Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [forgottenbooks.com](http://forgottenbooks.com).
