through his training and experience as a U.S. marine and his in-depth research of the topics covered in this book, J. Brett Ernest shares information that could save you and your family when terrorists strike. Should you fight or remain passive? What is a dirty bomb and what should you do if one explodes nearby? How do you decontaminate yourself using items found in your home after a radiological, chemical or biological agent attack? Where can you find safe drinking water in an emergency? What can you do to save yourself from knives, clubs or gunfire? How do you find or create shelter to save you and your family from blasts, poisons or radiation? What are your options for survival when riding mass transit buses, trams and boats? What supplies should you have in your shelter and how much of each item? Which kinds of radios and telephones are reliable in an emergency? The answers to these questions and more are in this book, possibly making it the most important book you will ever buy.

what can philosophy offer when we suffer from brutal acts of terror and barbarous acts of counter terror is the very grammar of the network of terror and anti terror moves locked in the same ideology of power and state ism that demands a deeper micro analysis of human fetish for coercion and cruelty do we need schizoanalysis of the neurosis of terror and counter terror where the work of deleuze and guattari can offer insight this collection of essays considers the contribution of deleuze and guattari s philosophical ideas in forging a critique of global terror and counter terror deleuze s concept of nomadic thought provides a starting point for this fetish for coercion and terrorizing power the contributors identify areas of political terror state terror capitalist corporate terror religious terror cyber terror social terror and cultural terror to enable the inherent power structure within all forms of terror to be unpacked

this book is about urban terror its meaning its ramifications and its impact on city life written by a well known expert in the field cities in a time of terror draws on data from more than a thousand cities across the globe and traces the evolution of urban terrorism between 1968 and 2006 it explains what kinds of cities have become prime targets why terrorism has become increasingly lethal and how its inspiration has changed from secular to religious the author describes urban terrorism as an attempt to use the city s own strength against itself forcing it to implode and delineates three basic logics of terrorist choices for targeting cities the book also includes a discussion of local resilience the city s capacity to bounce back from attack and suggests how that can be sustained examples from new york london jerusalem istanbul moscow paris and madrid illustrate the book s central themes

preventive detention as a counter terrorism tool is fraught with conceptual and procedural problems and risks of misuse excess and abuse many have debated the inadequacies of the current legal frameworks for detention and the need for finding the most appropriate legal model to govern detention of terror suspects that might serve as a global paradigm this book offers a comprehensive and critical analysis of the detention of terror suspects under domestic criminal law the law of armed conflict and international human rights law the book looks comparatively at the law in a number of key jurisdictions including the usa the uk israel france india australia and canada and in turn compares this to preventive detention under the law of armed conflict and various human rights treaties the book demonstrates that the procedures governing the use of preventive detention are deficient in each framework and that these deficiencies often have an adverse and serious impact on the human rights of detainees thereby delegitimizing the use of preventive detention based on her investigation diane webber puts forward a new approach to preventive detention setting out ten key minimum criteria drawn from international human rights principles and best practices from domestic laws the minimum criteria are designed to cure the current flaws and deficiencies and provide a base line of guidance for the many countries that choose to use preventive detention in a way that both respects human rights and maintains security

this book presents the position that the online environment is a significant and relevant

theater of activity in the fight against terror it identifies the threats the security needs and the issues unique to this environment the book examines whether the characteristics of this environment require new legal solutions or whether existing solutions are sufficient three areas of online activity are identified that require reexamination security monitoring and propaganda

engaging terror a critical and interdisciplinary approach is a collection of select extended papers drawn from the human condition series thcs conference on terror that took place in may 2008 the international scope of the conference drew participants from twenty three countries including brazil columbia cuba france israel lebanon lithuania new zealand nigeria pakistan the philippines scotland singapore south africa turkey and the united kingdom the thirty five essays presented here are a representative sample of the interdisciplinary discussion which sought to analyze popular concepts like terrorism and terrorist as social political and psychosocial phenomena engaging terror seeks to reveal the diverse forms of terror that persist in contemporary societies for instance cultural forms such as the fine arts film literature mass media religion and market economy continue to define and limit rationality and freedom through institutionalized forms of terror in this way terror shapes our experiences not only through the politics of nation building and international relations but also through the social and ideological production of fear in everyday life topics covered in this volume include the representation and production of terror from a multiplicity of sites ranging from mental health practices and organized religion to news coverage and musical scores this book will appeal to both scholars and general readers interested in how seemingly benign forms of terror shape and maintain the contemporary human condition reaching beyond mainstream studies on terror as simply an international political phenomenon this interdisciplinary collection of work multiplies the fields of critical research to broaden the scope of analysis and fundamentally challenge the state of modernity

while there is no easy way to define terrorism it may generally be viewed as a method of violence in which civilians are targeted with the objective of forcing a perceived enemy into submission by creating fear demoralization and political friction in the population under attack at one time a marginal field of study in the social sciences terrorism is now very much in center stage the 1970s terrorist attacks by the plo the provisional irish republican army the popular front for the liberation of palestine the japanese red army the unabomber aum shinrikyo timothy mcveigh the world trade center attacks the assault on a school in russia and suicide bombers have all made the term terrorism an all too common part of our vocabulary this edition of political terrorism was originally published in the 1980s well before some of the horrific events noted above this monumental collection of definitions conceptual frameworks paradigmatic formulations and bibliographic sources is being reissued in paperback now as a resource for the expanding community of researchers on the subject of terrorism this is a carefully constructed guide to one of the most urgent issues of the world today when the first edition was originally published choice noted this extremely useful reference tool should be part of any serious social science collection chronicles of culture

called it a tremendously comprehensive book about a subject that any who have anything to lose from property to liberty life to limbs should be forewarned against alex p schmid received his ph d from the university of zrich switzerland and is a professor in the department of political science at leiden university he is the coauthor with albert j jongman of soviet military interventions since 1945 available from transaction albert j jongman is principal researcher for poom the interdisciplinary research programme on causes of human rights violations and has been a research assistant at the sipri in sweden he is the author of monitoring human rights violations state violence state terrorism and human rights irving louis horowitz is hannah arendt distinguished university professor emeritus of sociology and political science at rutgers university and the chairman and editorial director of transaction publishers
