now that we are passing as many surmise into the post scientific period is it possible to rethink this vitally relevant issue of interpretation and to approximate more nearly to the mind of the spirit certainly the question of interpretation has returned to the center of theological consideration today it is being realized that what is technically known as the study of hermeneutics is an essential discipline for the biblical scholar introduction

this book was written out of a conviction that god s word is sufficient to meet the deepest needs of the human heart in an age when counseling is often shaped by psychology and human philosophy it is vital to return to the biblical foundation of soul care nouthetic counseling sometimes called biblical counseling is not a new method but a recovery of what scripture has always taught admonishing correcting and encouraging one another with god s truth so that we may grow in christlikeness the chapters in this book are designed to provide both a theological foundation and practical guidance they address real struggles anger fear anxiety addiction grief depression and apply the eternal truths of scripture my prayer is that this book will equip pastors counselors and lay believers to minister the word faithfully offering true hope to the broken and leading them toward the ultimate goal of all counseling conformity to christ

the ebook aims to demonstrate the value of pursuing spiritual maturity and how to apply the principles of spirituality to the daily life of a christian the papers also providers he reader with a comprehensive glimpse on the process of biblical exegesis with an emphasis on the socio historical grammatical approach and how it contributes to a better understanding of the bible as a practical example the articles use the hermeneutical tools to discuss paul s use of the armor of god in ephesians 6 10ff in light of its original use in the old testament and jewish literature furthermore the article distinguishes between biblical teachings derived from the original context of scripture and historical interpretations that have developed over time finally the articles discuss the cultural and historical context of traditional religion to explain how this religious tradition influences modern belief and the key elements christians would explain to traditionalists to adhere to christianity

this book is about addressing issues that are holding us back keeping us stuck suffering and struggling there is hope the bible has all the answers we need for biblical living and dealing with core psychological issues in a healthy way god meets our spiritual and psychological needs but we don t always see that when we are struggling or suffering in bible

times people didn't have psychology it's true but they had God's word and God knows what men women and children need to grow from infancy to mature adults we can't oversimplify people's problems and just ask them to pray more to solve deep rooted core issues because people and problems are complex we need to be careful to not reduce issues to one simplistic cause but rather understand that there are many causes our past traumas social and psychological influences etc God used prophets priests and leaders to counsel to encourage to teach in fact God gave a whole book on wisdom on how to deal with life Jesus counseled or talked and taught to people gave them truth and perspective about life and helped them to cope better this book takes an integrative approach to solving problems looking at our self worth and how the Bible and psychology work together to address the whole person whom God created
