in the current political and social climate there is increasing demand for a deeper understanding of muslims the qur an and islam as well as a keen demand among muslim scholars to explore ways of engaging with christians theologically culturally and socially this book explores the ways in which an awareness of islam and the qur an can change the way in which the bible is read the contributors come from both muslim and christian backgrounds bring various levels of commitment to the qur an and the bible as scripture and often have significantly different perspectives the first section of the book contains chapters that compare the report of an event in the bible with a report of the same event in the qur an the second section addresses muslim readings of the bible and biblical tradition and looks at how muslims might regard the bible can they recognise it as scripture if so what does that mean and how does it relate to the qur an as scripture similarly how might christian readers regard the qur an the final section explores different analogies for understanding the bible in relation to the qur an the book concludes with a reflection upon the particular challenges that await muslim scholars who seek to respond to jewish and christian understandings of the jewish and christian scriptures a pioneering venture into intertextual reading this book has important implications for relationships between christians and muslims it will be of significant value to scholars of both biblical and qur anic studies as well as any muslim seeking to deepen their understanding of the bible and any christian looking to transform the way in which they read the bible

this volume gathers the perspectives of teachers in higher education from all over the world on the topic of new testament scholarship the goal is to understand and describe the contexts and conditions under which new testament research is carried out throughout the world this endeavor should serve as a catalyst for new initiatives and the development of questions that determine the future directions of new testament scholarship at the same time it is intended to raise awareness of the global dimensions of new testament

scholarship especially in relation to its impact on socio political debates the occasion for these reflections are not least the present questions that have been posed with the corona pandemic and have received a focus on the system relevance of churches which is openly questioned by the media the church and theology must face this challenge towards that end it is important to gather impulses and suggestions for the discipline from a variety of contexts in which different dimensions of context related new testament research come to the fore

much literary criticism focuses on literary producers and their products but an important part of such work considers the end user the reader it asks such questions as how far can the author condition the response of the reader and how much does the reader create the meaning of a text dr bennett s collection includes important essays from such writers and critics as wolfgang izer mary jacobus roger chartier michel de certeau shoshana felman maurice blanchot paul de man and yves Bonnefoy it looks in turn at deconstructionist feminist new historicist and psychoanalytical response to the school the book then considers the act of reading itself discussing such issues as the uniqueness of any reading and the difficulties involved in its analysis

in the wake of the technological revolution that began in the last decades of the 20th century labour market demand for information processing and other high level cognitive and interpersonal skills is growing substantially

the assessment of young children s development and learning has recently taken on new importance private and government organizations are developing programs to enhance the school readiness of all young children especially children from economically disadvantaged homes and communities and children with special needs well planned and effective assessment can inform teaching and program improvement and contribute to better outcomes for children this book affirms that assessments can make crucial contributions to the improvement of children s well being but only if they are well designed implemented effectively developed in the context of systematic planning and are interpreted and used appropriately otherwise assessment of children and programs can have negative consequences for both the value of assessments therefore requires fundamental attention to their purpose and the design of the larger systems in which they are used early childhood assessment addresses these issues by identifying the important outcomes for children from birth to age 5 and the quality and purposes of different techniques and instruments for developmental assessments
