this book explores and compares the roles mentalities and destinies of elitist and working class women in europe s most dramatic revolutions england s puritan

revolution of 1640 1660 france s 1789 revolution and russia s 1917 revolution by providing one of the most detailed analyses to date of how feminist historians sociologists and specialists theorize gender sexuality and patriarchy the author draws connections to current debate over the causation of sociopolitical revolutions and how such scholars speculate about the long term implications of such revolutions for women in the usa and in other countries this book briefly outlines the stage by stage progression of events in the english french and russian revolutions thus enabling the general reader to contextualize more easily its discussion of women s revolutionary experiences in those countries this book reappraises the relative importance ascribable to gendered cultural and to statist geopolitical factors through the disastrous revolutionary careers of three consort queens i e henrietta maria of england marie antoinette of france and alexandra feodorovna of russia by contrasting their political failings with the political acumen of three earlier regnant queens in these three countries i e elizabeth i cathérine de médicis and catherine ii the great finally this book demonstrates how women of humble social station used these unheard of revolutionary situations either to express their grievances and voice their social aspirations or on the other hand to reaffirm their long held allegiance to traditional principles customs and religion it concludes by discussing race ethnicity and statism as challenging issues that need to be confronted in any current discussion of women s revolutionary experiences

this volume brings together eight essays all but one previously unpublished that offer innovative strategies for studying society and culture in eighteenth century france divided into three sections the chapters map out current research paths in social cultural and political history the authors engage the most heated subjects of debate in the field today including the changing nature of political life in the age of enlightenment the role of public opinion in undermining absolutism and the impact of gender on social relationships and political language in the late eighteenth century they demonstrate a marked interest in the lives of ordinary and humble french people finding that exclusion from the main corridors of power fostered cunning and resourcefulness not political indifference or ignorance the articles encompass the old regime and the revolutionary era without falling into the teleological trap of using the former as the backdrop for the events of 1789 on the contrary many of the authors consciously avoid this bias by investigating the old regime in its own right or by consciously linking the pre and postrevolutionary eras this decision alone marks an important turning of the tide by establishing a dialogue between the old regime and the revolution this volume implicitly pays homage to those historians who insist on the structural continuities that underlay the rupture of 1789 contributors are cissie fairchilds christine adams orest ranum lisa jane graham harvey chisick john garrigus lenard berlanstein and jack censer

this is a stimulating and highly original collection of essays from a team of internationally renowned experts the contributors reinterpret key issues and debates including political social cultural and international aspects of the russian revolution stretching from the late imperial period into the early soviet state

excerpt from essays on the early period of the french revolution i have been requested to revise and collect into one volume the half dozen essays which i contributed to the quarterly review on the earlier period of the french revolution and i am the more willing to do so because i believe those essays contain a good deal of curious and what is rarer and of more importance authentic information on that subject that is not as far as i know to be found in any single publication my memory and observation of public affairs are about coeval with that event i was in my ninth year when the bastille was taken it naturally made a great impression on me and the bloody scenes that so rapidly followed rendered that impression unfavourable such also was the feeling of my wise and excellent parents and an alliance between our family and that of mr burke helped to confirm us in that great man's prophetic opinions which every event from that day to this appears to me to have wonderfully illustrated and fulfilled about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
