one important task of metaphysics is to answer the question of what it is for an object to exist the first part of this book offers a systematic reconstruction and critique of contemporary views on existence the upshot of this part is that the contemporary debate has reached an impasse because none of the considered views is able to formulate a satisfactory answer to this fundamental metaphysical question the second part reconstructs thomas aquinas's view on existence *esse* and argues that it contributes a new perspective which allows us to see why the contemporary debate has reached this impasse it has come to this point because it has taken a premise for granted which aquinas's view rejects namely that the existence of an object consists in something's having a property a decisive contribution of aquinas's theory of *esse* is that it makes use of the ideas of metaphysical participation and composition in this way it can be explained how an object can have *esse* without being the case that *esse* is a property of it this book brings together

a reconstruction from the history of philosophy with a systematic study on existence and is therefore relevant for scholars interested in contemporary or medieval theories of existence

this volume commemorates the 6th centennial of the birth of nicholas of cusa 1401 1464 a renaissance polymath whose interests included law politics metaphysics epistemology theology mysticism and relations between christians and non christian peoples the contributors to this volume reflect cusanus multiple interests and by doing so they commemorate three deceased luminaries of the american cusanus society f edward cranz thomas p mctighe and charles trinkaus contributors include christopher m bellitto h lawrence bond elizabeth brient louis dupré wilhelm dupré walter andreas euler lawrence hundersmarck thomas m izbicki dennis d martin yelena matusevich bernard mcginn clyde lee miller thomas e morrissey brian a pavlac and morimichi watanabe publications by charles trinkaus edited by c trinkaus and h a oberman the pursuit of holiness in late medieval and renaissance religion isbn 978 90 04 03791 5 out of print

approaching god explores the ways in which phenomenology metaphysics and theological enquiry can throw light upon each other this is a matter of great interest and importance to the future of philosophical theology and the philosophy of religion what if anything has philosophical reflection about god to contribute to christian theology and if indeed philosophy plays a positive role in theological reflection what kind of philosophy the first person philosophical perspective of phenomenology or the objective philosophical perspective of metaphysics masterson devotes three chapters to respectively phenomenological metaphysical and theological approaches to god each are seen as animated by a first principle from which a comprehensive account of everything is said to follow human consciousness in the case of phenomenology being in the case of metaphysics and god in the case of theology although philosophers and theologians such as ricoeur levinas kearney caputo and barth are considered briefly approaching god essentially provides a dialogue about theological and theistic issues between the phenomenological approach of the leading french christian phenomenologist jean luc marion and the realist metaphysical approach of aquinas masterson maintains that all three approaches are needed in trying to speak appropriately about god they are irreducible but complementary

this volume offers an array of newly commissioned essays addressing the topic of love in the christian tradition drawn from a range of expert theologians and philosophers in contemporary analytic and non analytic theology these essays join current debates within the theology of love and aim to propose new avenues for future research including the last essay written by marilyn mccord adams love divine and human deals with a rich variety of issues related to divine and human love the broad scope of the book includes divine transcendence and its methodological bearing on the doctrine of divine love the nature and scope of divine love the interrelation between god s love and wrath the plausibility of an impassable god of love and the application of various conceptions of divine love to the problem of divine hiddenness human ethics and human free will among other topics this unified collection of cutting edge papers will advance discussion for all those focused on the theology of love

weniger anzeigen beschränkter zugriff the presocratics in the thought of martin heidegger w julian korab karpowicz the book focuses on heidegger s thoughtful repetition of early greek thinking and his receptive attention to the fragments of the presocratics from our contemporary age their thought has a special value for him as the heritage which must be repeated anew in order to bring us back to the question of being and to open before us new avenues for existence the author raises questions which help us to understand heidegger as a thinker he presents a deep analysis of heidegger s interpretations of the presocratics and contributes to a new insightful understanding of heideggerian philosophy the book deserves a wide reception among scholars who are interested in the presocratics heidegger and contemporary philosophy dr katherine morris university of oxford prof korab karpowicz develops a consistent reading of heidegger s historical studies thereby significantly contributing to a new approach for the study of heideggerian philosophy dr michal
