the science of living living for others table of contents introduction the givers and the takers learn to live for yourself all those helping hands giving and giving in they cannot do without us the hinder ers conclusion author bio publisher introduction did you notice that there are many human beings around you who have spent a major part of their lives thinking for ways and means in which trouble and worries do not touch you they may be your parents they may be your partners and also they may be your children but you are so used to their presence in your life that you take it for granted that they are always going to be there to remove the thorns from your life of roses these are the givers this book is for them and in appreciation of what they give to you physically spiritually emotionally mentally and psychologically all of us number among our acquaintances one of those invaluable and dear people who are always there they are usually kind and cheerful unselfish and work themselves of their feet in an effort to everything asked of them sometimes they go beyond what is expected of them in order to help you or read you or make your life more comfortable everybody appreciates them because they are always ready to pitch in and help but have you thought that you may put a strain on relationships if you let overdependence on these willing and good souls come an imposition on their mind body and spirits

this thought provoking book looks at humanity s quest for immortality and examines the latest research on extending one s life and possibly living forever presenting an overview of technological innovations such as cryonics cell rejuvenation organ transplants using an exoskeleton and brain transplants with the seemingly limitless potential of 21st century technology the chance of human immortality being an actual possibility rather than a science fiction concept is tantalizingly close and with this increased possibility of achieving immortality a growing community of people interested in immortality has formed worldwide organizations dedicated to great extension of human life now exist focusing on technologies that reverse the damage caused by aging transfer human consciousness to an artificial body or cryogenically freeze those who hope to be brought back to life when technology to revive the body without cellular damage is developed the science of living longer developments in life extension technology provides a fascinating look at the current state of the scientific research on how people can live significantly longer and possibly even forever the book begins with an introductory section on the historical efforts to achieve immortality in western and other cultures following chapters investigate different strands of research toward the common objective of achieving a longer life or

even immortality other chapters address topics such as the health wellness and fitness movement designed to help individuals live longer the biological methods such as cell rejuvenation designed to defeat aging and the use of technology to provide an exoskeleton as body parts age or to download the brain into a computer or other body each chapter also suggests steps an individual can take to live longer too

the science of living with friendship and peace table of content introduction the pleasure of lasting friendships what do we expect from our friends what does it take to be a friend a good friend is always there for you friendships affecting relationships at home the golden rules about friendship golden principle number one no loose talk golden principle number two friends taking advantage misunderstandings among friends social life and personal life peace among mankind conclusion author bio introduction the science of living is a new way of life in which you are going to live your life learning from the examples and experience of the people around you life is for living not just for existing and this life is for living emperor size holding every moment precious because once it is gone it is lost in the mists of the past so our science of living series give you lots of information of how you can live life fully and enjoy the action of living on this earth at this moment this is the third book in the series and this talks about living with friendship and peace peace is an ephemeral thing which everybody wishes but it is so elusive for millenniums people have been seeking ways to gain peace among mankind but that is only possible when they understand the meaning of friendship and man is naturally and genetically inclined not to hold out his hand in friendship to another one not of his race caste creed area or religion because of his upbringing innate bias genetic instinct history or anything else which makes him feel i do not want you as my friend i do not like thee dr fell why this is so i cannot tell but this i know fully well i do not like thee dr fell charles lamb said this more than two centuries ago but thinking about this anyone can understand why people do not like others instinctively there is no logical rhyme or reason for this like or dislike but there is something which tells them that friendly relationships with that particular person is going to harm them or going to cause them emotional physical mental or spiritual trouble and that is the reason why so many of us do not make friends at all this book is going to give you information on how you can cherish and nourish peace and friendship and thus understand the basis of the science of living and living emperor size

the handbook of yogic science by dr hiralal sharma explains yoga as a holistic science covering its principles

practices and benefits for physical health mental harmony and spiritual growth it presents both the theory and practical aspects of yoga in a clear scientific and easy to understand way making it useful for students instructors and anyone interested in the deeper foundations of yoga to explain yoga as a holistic science and way of life not just physical exercise covers yogic principles practices and their benefits for physical mental and spiritual well being provides a clear scientific and practical understanding of yoga theory and practice ideal for yoga students instructors and anyone interested in the deeper foundations of yoga

are we alone the idea of life existing elsewhere in the universe has been put forward by philosophers since the time of ancient egypt today through science fiction literature films and television we have all had close encounters with aliens now the science of aliens examines the possibilities of alien life in outer space as well as presenting a close up look at aliens on earth based on an international interactive exhibition the science of aliens is a combination of imagination and ground breaking science in the quest for extraterrestrial life book jacket
